

JOB ANNOUNCEMENT

SUMMER RESEARCH ASSISTANTS

Department of Entomology
The Connecticut Agricultural
Experiment Station

The Department of Entomology at the Connecticut Agricultural Experiment Station has two positions available for college students and recent college graduates to assist a scientist mainly with surveys for exotic insects that may have invaded Connecticut. This is a great opportunity to obtain experience with forest pest surveillance and entomological research. Exotic pest monitoring will involve traveling throughout the state to survey plants, deploy surveillance traps, and process samples.

The summer employment period is flexible and starts in May and generally continues until late August or September (35 hours/week; 8:30 am - 4:30 pm; \$10/hour). Candidates must have a valid driver's license. Send a cover letter, resume, school transcripts, and the names and contact information for three references to:
